

Contents

Welcome address	9
Pretace	11
Lectures	13
Geological construction of Mirusha Waterfall	14
Shehribane Abazi, Sali Mulaj, Ramiz Krasniqi, Alaudin Kodra, Fadil Bajraktari	
The “German volcano route” as a part of the European volcano tourism route	15
Michael Abratis, Lothar Viereck-Götte, Olaf Tietz, Jörg Büchner, Ulrike Martin, Gerold Beckmann	
Geosites of the mining Kolyma region: North-East of Russia	16
Antonina Alenicheva	
Main Geosites of the Azores Geopark project	18
Eva Almeida Lima, João Carlos Nunes, Manuel Paulino Costa, Andrea Porteiro	
Geotourism and geosite protection in the Vulkaneifel European Geopark Gerolsteiner Land – a tale of two stories	20
Peter Bitschene	
Publication of geotouristic map „Geo-Pomerania” on geoportal map server Mecklenburg-Western Pomerania as WMS (Web Map Service)	21
Andreas Börner	
Conservation, Education and Entertainment: Geoparks going digital	22
Mirjam Bröhl, Uwe Reimold, Tobia Lakes	
Exploring the relicts of historic mining in Dortmund-Syburg	23
Heinz-Ludwig Bücking	
Transformation of production – Industrial heritage and post-industrial landscapes upon former coal and steel locations within the Ruhr Area	24
Ulrich Carow	
Mining heritage and valorization in “Anjou Massif Armoricaïn“	26
Philippe Cayla	
Geological and landscape diversity, Dibra region, N- E Albania	28
Aleksandër Çina	
The process of inventory of Geological Heritage in Mozambique	29
Ângelo Cumbe	
Apple™ iPhone as a powerful tool for geosites inventorying, assessment and monitoring	30
Nelson Dias, Renato Henriques, João Rocha, Orlando Guimarães, José Brilha	
First resolution towards geoconservation at the 4th World Conservation Congress of IUCN	31
Enrique Díaz-Martínez	
Update on Spanish achievements and initiatives towards geoconservation: much done, much to be done	33
Enrique Díaz-Martínez, Luis Carcavilla, Ángel García-Cortés, Juana Vegas	
„German“ Geoparks in Japan – Tracing Edmund Naumann	35
Wolfgang Eder	
Strategic cooperation in Geotourism and regional Geo-Marketing The cooperation model GeoPark Ruhrgebiet – GeoTouring UG	36
Ulrich Eimer	
The Common and the Unique – Geodiversity in geoconservation strategies	37
Lars Erikstad	

The Cabarz locality - an active quarry, a natural monument and an outstanding Lower Permian fossil site in the National GeoPark Thuringia Inselsberg - Drei Gleichen	38
Kerstin Fohlert, Stephan Brauner	
GeoPark Ruhrgebiet - Geology and Museum.....	40
Michael Ganzelewski	
Geosites in Ireland – How to keep a thousand geological heritage sites in the local, regional and national consciousness	42
Sarah Gatley, Sophie Préteseille	
Palaeontological conservation in the Rhineland, western Germany – or how to cut the Gordian knot	43
Renate Gerlach, Christoph Hartkopf-Fröder, Thomas Otten, Hans Martin Weber	
The ‘Atlas of Palaeontological Potential in the Rhineland 1 : 100.000’ – an important tool for planning agencies, local administration and palaeontological resource management	45
Renate Gerlach, Christoph Hartkopf-Fröder, Hans Martin Weber, Hans-Gerd Wefels	
Geological special interest tourism and extracurricular education - Experiences from 15 year excursion management in the Ruhr district	47
Hartwig Gielisch	
Development of geoheritage in Germany	48
Kurt Goth	
Special aspects of Geotop protection in quaternary sediments of North Germany	49
Alf Grube	
New discovery of Vendian fossils is reason for creation of “Mourafa” Geological Park	50
Volodymyr Grytsenko	
Fossil-lagerstaetten, type-localities and the handling with fossils in the Geopark Swabian Alb	52
Anton Hegele	
Recource and Geological Archives – Carbonat Mining and Paleokarst in Southern Sachsen-Anhalt.....	54
Matthias Henniger	
Landscape aesthetic values on an abandoned mining area in North Hungary	56
Gergely Horváth, Zoltán Karancsi	
Geopark of the Uşak-Ulubey Canyon	57
Hülya İnane r& İ. Doğukan Küçükçelen	
New geological findings in the Ruhr Carboniferous and its practical application	59
Dierk Juch	
The Westerschelde Container Terminal and the preservation of dune formation on the Kaloot, a famous fossil site in the Netherlands.....	60
Pieter Jungerius, Frank Wesselingh	
From Lahn to Hudson river: Lahnmarmor as precious dimension stone and national heritage	61
Thomas Kirnbauer, Susanne P. Schwenzer	
A media-box bringing Geopark-knowledge into schools.....	63
Timo Kluttig, Melanie Schnieders	
The trilobite fauna from the Ordvician of the Ebbe Anticline (Rhenish Massiv)	64
Lutz Koch	
The Hasselbachtal section – an auxiliary stratotype for the Devonian-Carboniferous Boundary	66
Dieter Korn, Matthias Piecha, Volker Wrede	
Geoscience for everybody - initiatives for successful outreach of earth sciences to the general public in Germany	68
Ulrich Lagally	

Communicating Earth heritage to all: using cartoons in leaflets, books and panels to attract and inform people of all ages	70
John Macadam, Damir Lacković	
Karelia's natural monuments of palaeontological interest. Exploitation and conservation experience	71
Vladimir Makarikhin	
Mülheimer Bodenschätze- about treasures of the Earth	72
Ulrike Marx	
GREEN MINES: valuing the contribution of mining to the social, cultural and economic evolution of societies and communities throughout Europe	73
John H. Morris, Enrique Díaz-Martínez, Sarah Gatley, Alyson Tippings	
Industrial heritage in the Ruhr	75
Hans-Peter Noll	
World Heritage 'For Sale' – state supported trade in global palaeontological heritage in Dorset, UK – and its consequences	77
Kevin N. Page	
The Geodiversity south-west website – developing an on-line resource for geoconservation in south-west England.....	78
Kevin Page, Mel Border, Malcolm Hart, Chris Bolton, Craig Dixon, Nick Powe, David Roche, Sam Scriven	
Scale issues in geoconservation	79
Paulo Pereira, José Brilha, Diamantino Pereira	
How to improve European cooperation for the rehabilitation of mining sites	80
Colin Prosser, Hanneke van den Ancker, Andreas Schüller	
Fascination Geology – The most important geosites of Germany	81
Horst Quade, Ernst-Rüdiger Look	
Heritage Conservation in Impact Structures: Vredefort World Heritage Area (South Africa) and Ries Geopark (Germany)	83
Wolf Uwe Reimold, Roger L. Gibson	
Geological heritage of the Permocarbiniferous Saar-Nahe Basin, SW Germany	84
Thomas Schindler	
Surveying lost rooms: Digital reconstruction and museal presentation of the underground area of Nightingale Mine, Witten.	85
Olaf Schmidt-Rutsch	
The German Geoparks Project.....	87
Michael Schmidt-Thomé, Heinz-Gerd Röhling, Kurt Goth	
Geosites in the surroundings of Hagen – Protection and Marketing Concepts for the Purposes of a gentle Geotourism	90
Antje Selter, Volker Selter	
Upper Kurveleshi Highland, a Museum of Albanian Nature	91
Afat Serjani	
Geosites – Treasures of the soil for the public	92
Heinz Günter Struwe, Volker Selter	
Ice Age Tourism, European landscapes for tourists – progress report ProGEO WG3 Northern Europe	93
Hanneke van den Ancker, Klaas van der Veen, Hartmut Escher, Karin Geyer	
Using drawings and art works to communicate landscape structure and history	94
Hanneke van den Ancker, John Vermetten, Nienke Korthof	
Paleontological heritage of Russia and problems of its protection.....	95
M.S. Vdovets, A.V. Lapo	

Karst and Caves in Ennepetal - Discoveries and nature conservation in one of the most spectacular cave regions of Germany.....	97
Stefan Voigt	
„There is more than enough of green around” - Protection of habitats and geosite in the Rauen Quarry, Mülheim (Ruhr Area, Germany).....	98
Thorald vom Berg, Heiko Vittinghoff	
The Messel Pit Fossil Site – a UNESCO Natural World Heritage Site	99
Sonja Wedmann, Stephan Schaal	
The Ruhr Area National GeoPark – An Introduction	101
Volker Wrede	
Geology in School	102
Engelbert Wührl	
The Aller Valley project: geosite protection, German history and environmental education.....	104
Henning Zellmer	
Poster	105
The international Pleistocene vertebrate deposits in the Roman area, Italy	106
Francesco Angelelli	
History of Geoheritage Conservation in Kosovo	107
Fadil Bajraktari, Vahdet Pruthi, Rizah Hajdari, Shehribane Abazi, Nazmi Zogaj	
Geosites as lithified truth about environmental development in earth history: facts and indications from geosite-cluster Werdenfels Country (District Garmisch-Partenkirchen, Bavaria, Germany): rise and fall of its mesozoic carbonate platforms	108
Hubert Engelbrecht	
Old church walls – objects of palaeontological conservation?	109
Christoph Hartkopf-Fröder, Hans Martin Weber, Julia Klemeit	
The Late Devonian „Kellwasser Event“ mass-extinction horizons in Germany: Restoring the type locality for science and geotourism	111
Friedrich-Wilhelm Luppold, Heinz-Gerd Röhling, Klaus George, Eberhard Schindler, Henning Zellmer	
The valley and the village of Boga.....	112
Kujtim Onuzi, Petrit Imeraj, Artan Lila, Ylber Muceku	
Subjectivity and uncertainty in geological heritage quantitative assessment: results from fieldwork using a predefined numerical methodology	114
Paulo Pereira, José Brilha, Diamantino Pereira, Luis Carcavilla, Alireza Amrikazemi, Simon Bajada, José Marden Barreto, Irene Bollati, Natália Braga, Sara Canilho, Ricardo Carvalhido, Pedro Casinhas, Isabel Castro, Ângelo Cumbe, Nelson Dias, Bojan Erhart, Ricardo Fraga Pereira, Krzysztof Gaidzik, Rafaella Guimarães, Luca Ghiraldi, Katarzyna Kozina, Eva Lima, Eugénia Lopes, Catarina Loureiro, Virgínio Mantesso, Simon Martin, Bahram Nekouie-Sadry, Sara Pereira, João Rocha, Hugo Sá Lemos, Manuel Schilling, Mónica Sousa, Ana Marija Tomsa, Madalena Torres, Ewa Welc, Enrico Zanoletti	
Bats in the UNESCO World Heritage Site Messel Pit – Ambassadors of a palaeontological site for the Protection of a Geotope and a Biotope.....	116
Renate Rabenstein	
Launching the AG Geodidaktik Internet Platform.....	118
Stefan Röber, Vera Mügge-Bartolović	
The Upper Harz Water Regale	119
Heinz-Gerd Röhling, Justus Teicke, Friedrich-Wilhelm Wellmer	
Geotourist activities of PGI-NRI – new challenges.	122
Joanna Rychel, Katarzyna Pochocka-Szwarc, Monika Krzeczynska	

Dinosaur track sites from Portugal and its significance as natural heritage.....	125
Vanda F. Santos, Fernando Barriga, A. M. Galopim de Carvalho, Lia M. Mergulhão, C. Monteiro, Sofia C. Silveira, Maria J. Fernandes, J. M. Alho, R. Coelho	
The chalk museum Gummanz near Sargard – Exhibition on geoscientific research and mining history.....	126
Karsten Schütze	
Planning of Geotrails and potential Geoparks in Greece.....	128
Ir. Theodosiou, P. Paschos, E. Nicolaou, D. Papanikos, Z. Janikian, N. Epitropou, G. Kossiaris, K. Michail, E. Athanassouli, S. Pavlidou, G. Vougioukalakis	
Geotope Protection making an Important Contribution to the Conservation of Bats – Sucessful Co-operation between Senckenberg Forschungsinstitut Frankfurt and Lessing-Gymnasium Lampertheim (MINT EC certified school)	130
Gabriele Waldkircher, Renate Rabenstein	
Presentation of an upcoming geopark between Germany and the Netherlands	132
Jannette Wolff, Hans de Jong	
Field trips	133
Field trip E1: Lower and Upper Carboniferous rocks in the southern Ruhr Basin	134
Manfred R. Brix	
Field trip E2: Regional Geology of the Ruhr district and remains of the historical mining period in the south of Dortmund and Witten (Carboniferous, Cretaceous, Pleistocene).....	140
Hartwig Gielisch	
Field trip E3: The development of the Pleistocene landscape in the northern part of the Lower Rhine Basin – insights into the past of the Geotop “Eiszeitlandschaft”	145
Skupin, K., Schollmayer, G., Prüfert, J., Gawlik, A.	
E4: Hydrogeology, Mining and Water Supply in the Ruhr Area	154
Frank Wisotzky, Stefan Wohnlich	
Field trip E5: Hagen: Geotrail “Kaisberg” and “Werdringen Castle” Museum	161
Ilka Siegwarth	
Field trip E6: Cretaceous geosites of the eastern Ruhr Area and the southern Münsterland.....	168
Martin Hiss, Jörg Mutterlose	
Field trip E7: Selected Geosites in the northern Rhenish Mountains	184
M. Piecha, K.-H. Ribbert	
Field trip E8: Soil tour - „Mülheimer Bodenschätze” and „The Rauen Quarry”	197
Ulrike Marx, Corinne Buch, Peter Keil, Udo Scheer	
Field trips E9 und E10: From a coal mining area to the European Capital of Culture	203
Two field trips crosstown the Ruhr metropolis Rainhard de Witt	
Field trips E11: Geology and Industrial Heritage in the Ruhr Valley. Nightingale Mine in Witten and Henrichshütte Ironworks Hattingen.....	208
Olaf Schmidt-Rutsch	
Field trip E12: Field trip guide to sites of geological and palaeontological conservation in the Rhineland area, western Germany.....	212
Christoph Hartkopf-Fröder, Hans Martin Weber, Renate Gerlach	
E13: Carboniferous and Coal in the Ruhr Valley	226
Volker Wrede	
Field trip E14: Ruhr Museum – Zollverein Coal Mining-Complex – Industrial Nature	237
Ulrike Stottrop, Udo Scheer
